

## WORKLESS HOUSEHOLDS 2018

An annual analysis from the Annual Population Survey provides estimates by economic status of:

- Number of households with at least one person aged 16 to 64
- Number of children under 16 in households with at least one person aged 16 to 64

**Working households:** contains at least one person aged 16 to 64, where all individuals aged 16 and over are in employment

**Mixed household:** contains at least one person aged 16 to 64, where at least one person aged 16 and over is in employment and at least one other is either unemployed or inactive

**Workless household:** contains at least one person aged 16 to 64, where no-one aged 16 or over is in employment

As the table below shows:

- In Leeds 63% of households are working, while 14% are workless.
- Leeds has the 2<sup>nd</sup> highest percentage of working households, but is 4<sup>th</sup> lowest for workless households.

	% of households which are:		
	Working	Mixed	Workless
